Your Highness,

I have taken the liberty of sending Your Highness a copy of the August Number of the Modern Review (Calcutta) which contains an article by me on
"India in danger to lose the best pieces of her own land"
As I had occasion to mention Your Highness on page 198 I thought the article might interest Your Highness At the same time I should like to draw the attention of Your Highness to the first part of the article which treats on the necessity of Higher Education in the Indian Vernaculars hoping that Your Highness may find ways and means to start Higher Education through the media of the principal languages of His subjects and

make a beginning with a sound and natural system of Higher Education in India to the benefit of His people and to the glory of His reign

I have the honour
to be
Your Highness
most obedient servant
